

The screenshot shows the Microsoft Remote Desktop application interface on a Mac. A yellow box on the left contains the text: "Først installeres programmet 'Microsoft Remote Desktop' fra Appstore". The application window is titled "Microsoft Remote Desktop" and has a menu bar with "File", "Window", and "Help". The main toolbar includes "New", "Start", "Edit", "Preferences", "Remote Resources", and "Azure RemoteApp". The "New" button is highlighted with a red box and an arrow pointing to the instruction "1. KLIK 'NEW'". Below this, the "Edit Remote Desktops" window is open, showing the "General" tab. The "Connection name" is "Fjernskrivebord UCH", "PC name" is "uv70.ucholstebro.dk", and "Gateway" is "No gateway configured". The "Credentials" section has "User name" and "Password" fields. The "Resolution" is "Native", "Colors" is "True Color (24 bit)", and "Full screen mode" is "OS X native". The "Start session in full screen" and "Use all monitors" checkboxes are checked. A red arrow points from the "New" button to the "Connection name" field, with the instruction "2. ANGIV NAVN, LIGEGYLDIG...". Another red arrow points from the "Connection name" field to the "PC name" field, with the instruction "3. SKRIV 'UV70.UCHOLSTEBRO.DK'". A third red arrow points from the "User name" field to the instruction "4. ANGIV UCH-BRUGERNAVN INKLUSIV '@UCHOLSTEBRO.DK' OG ADGANGSKODEN...". A fourth red arrow points from the "Start session in full screen" checkbox to the instruction "5. EFTERLAD ALT ANDET UDEN ÆNDRINGER OG LUK VINDUET MED DEN RØDE KNAP ØVERST TIL VENSTRE". The Mac's dock is visible at the bottom with various application icons.

1. KLIK "NEW"

Først installeres programmet "Microsoft Remote Desktop" fra Appstore

2. ANGIV NAVN, LIGEGYLDIG...

3. SKRIV "UV70.UCHOLSTEBRO.DK"

4. ANGIV UCH-BRUGERNAVN INKLUSIV "@UCHOLSTEBRO.DK" OG ADGANGSKODEN...

5. EFTERLAD ALT ANDET UDEN ÆNDRINGER OG LUK VINDUET MED DEN RØDE KNAP ØVERST TIL VENSTRE
